Dear Mr. Hobson:

This refers to your Freedom of Information Act/Privacy Act inquiry of October 7, 1976, in which you requested civilian personnel records pertaining to your employment in the Federal Service.

I regret the delay in responding to your request. Because of a misinterpretation of the information provided in your letter, it was assumed that you had requested Federal personnel records although it appeared that you did not have previous Federal employment. We had called the National Personnel Records Center in St. Louis, Missouri, to request a special record check, and were waiting for the results of this investigation when Ms. Pat Ridley of my staff and Mr. Sandy Brown of your staff clarified the matter during a telephone conversation on November 4, 1976.

Therefore, we have put through your request on a priority basis, and we have recently received your Official Personnel Folder (OPF) from the Records Center. Enclosed are copies of all Commission authorized records contained therein.

We have also referred your request to the Commission's Bureau of Personnel Investigations for action concerning investigative records. That office will contact you directly concerning its findings.

Government of the District of Columbia Metropolitan Police Department

TO: Julius W. Hobson

THRU: City Administrator

FROM: Maurice J. Cullinane

SUBJECT: Response to information request pursuant to Mayor's Order 76-109.

Bureau, Office of the
Division, Office: Chief of Police

Date: JUL 1 1976

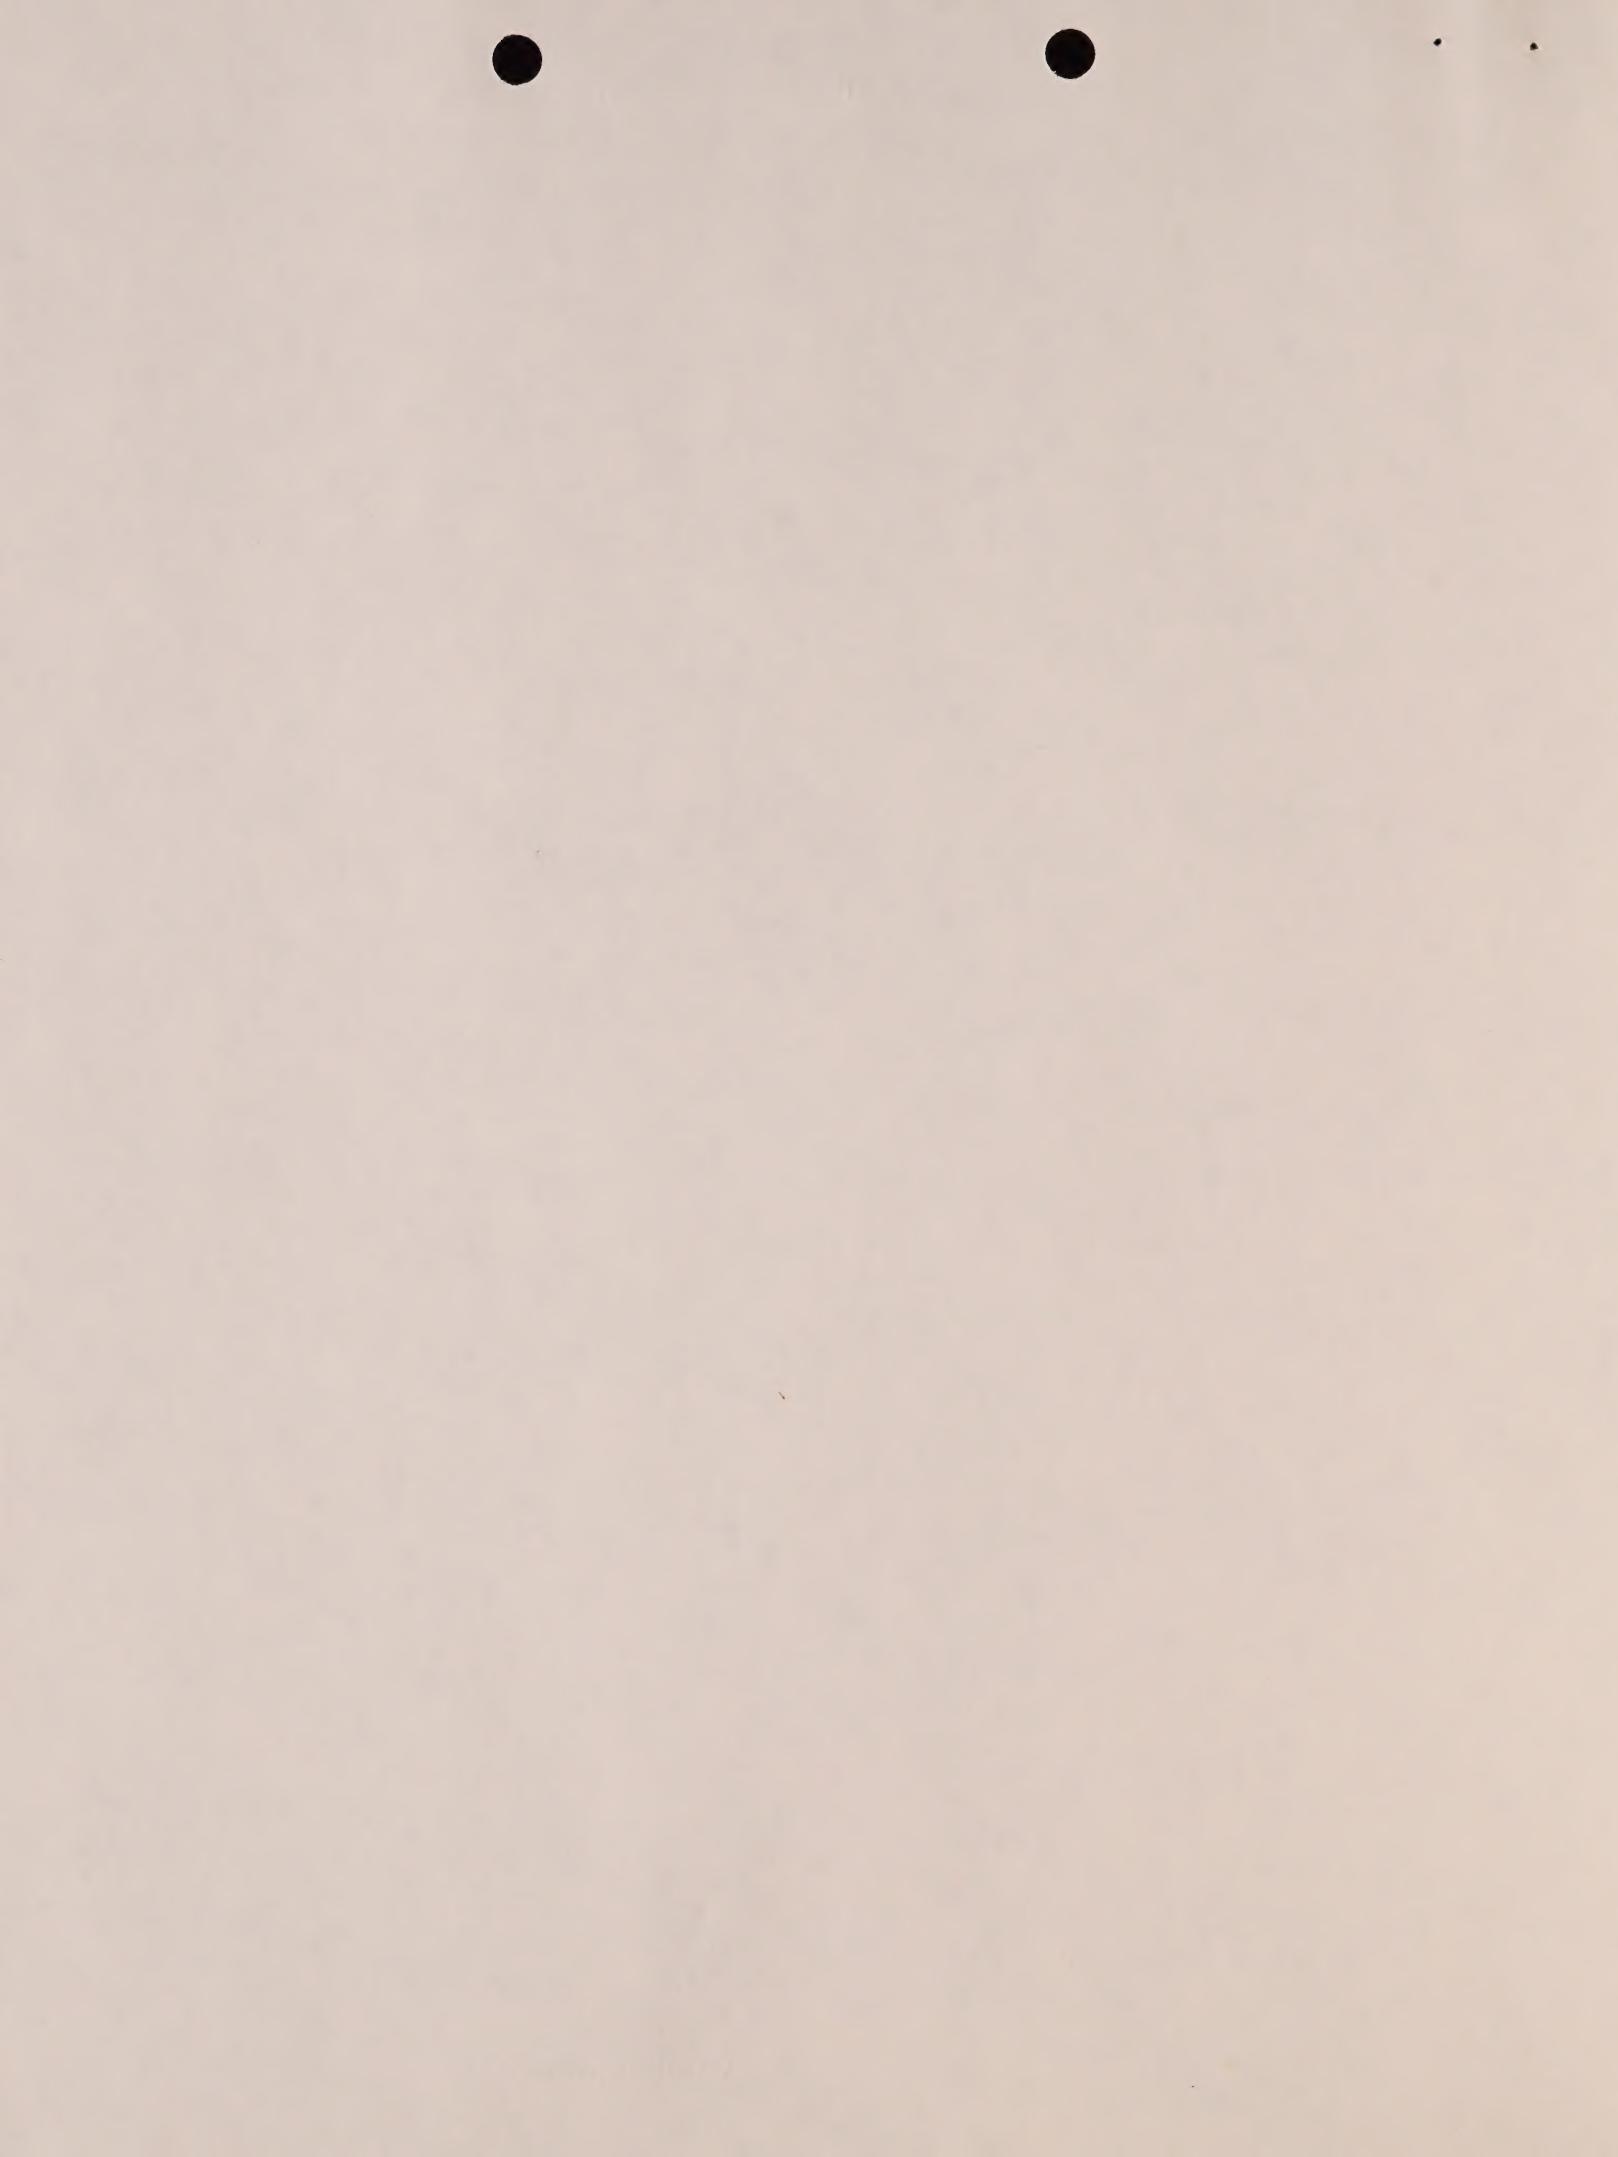

Reference is made to your letter dated June 21, 1976, citing Mayor's Order 76-109, in which you request access to all intelligence files compiled relative to your prior activist role in the community.

Please be advised no such files remain within the Metropolitan Police Department. As I have noted on several occasions, files were generated by this Department on individuals, including yourself, during a past mass demonstration era. I have also noted that most of those files have been destroyed. While no individual file destruction dates were recorded, yours occurred during the last quarter of Calendar Year 1974.

A number of non-criminal files did remain within the Intelligence Division after that period, even though sealed and marked for similar destruction. This retention was at the expressed wishes of the City Council. Those files have been reviewed as a result of your request and the three attachments are the only papers on file that include your name.

As you are aware, the Intelligence Division files were opened to members of the City Council Staff during recent budget hearings and representatives of the Council did review the file material presently retained by this Department. While I have received no request from your office to again review this material, I now extend such an invitation to you if you wish to do so.

GOVERNMENT OF THE DISTRICT OF COLUMBIA

ADMINISTRATIVE ISSUANCE SYSTEM

Mayor's Order 76-109
May 4, 1976

SUBJECT: Availability of Official Information for Public Disclosure

ORIGINATING AGENCY: Executive Secretary, D. C.

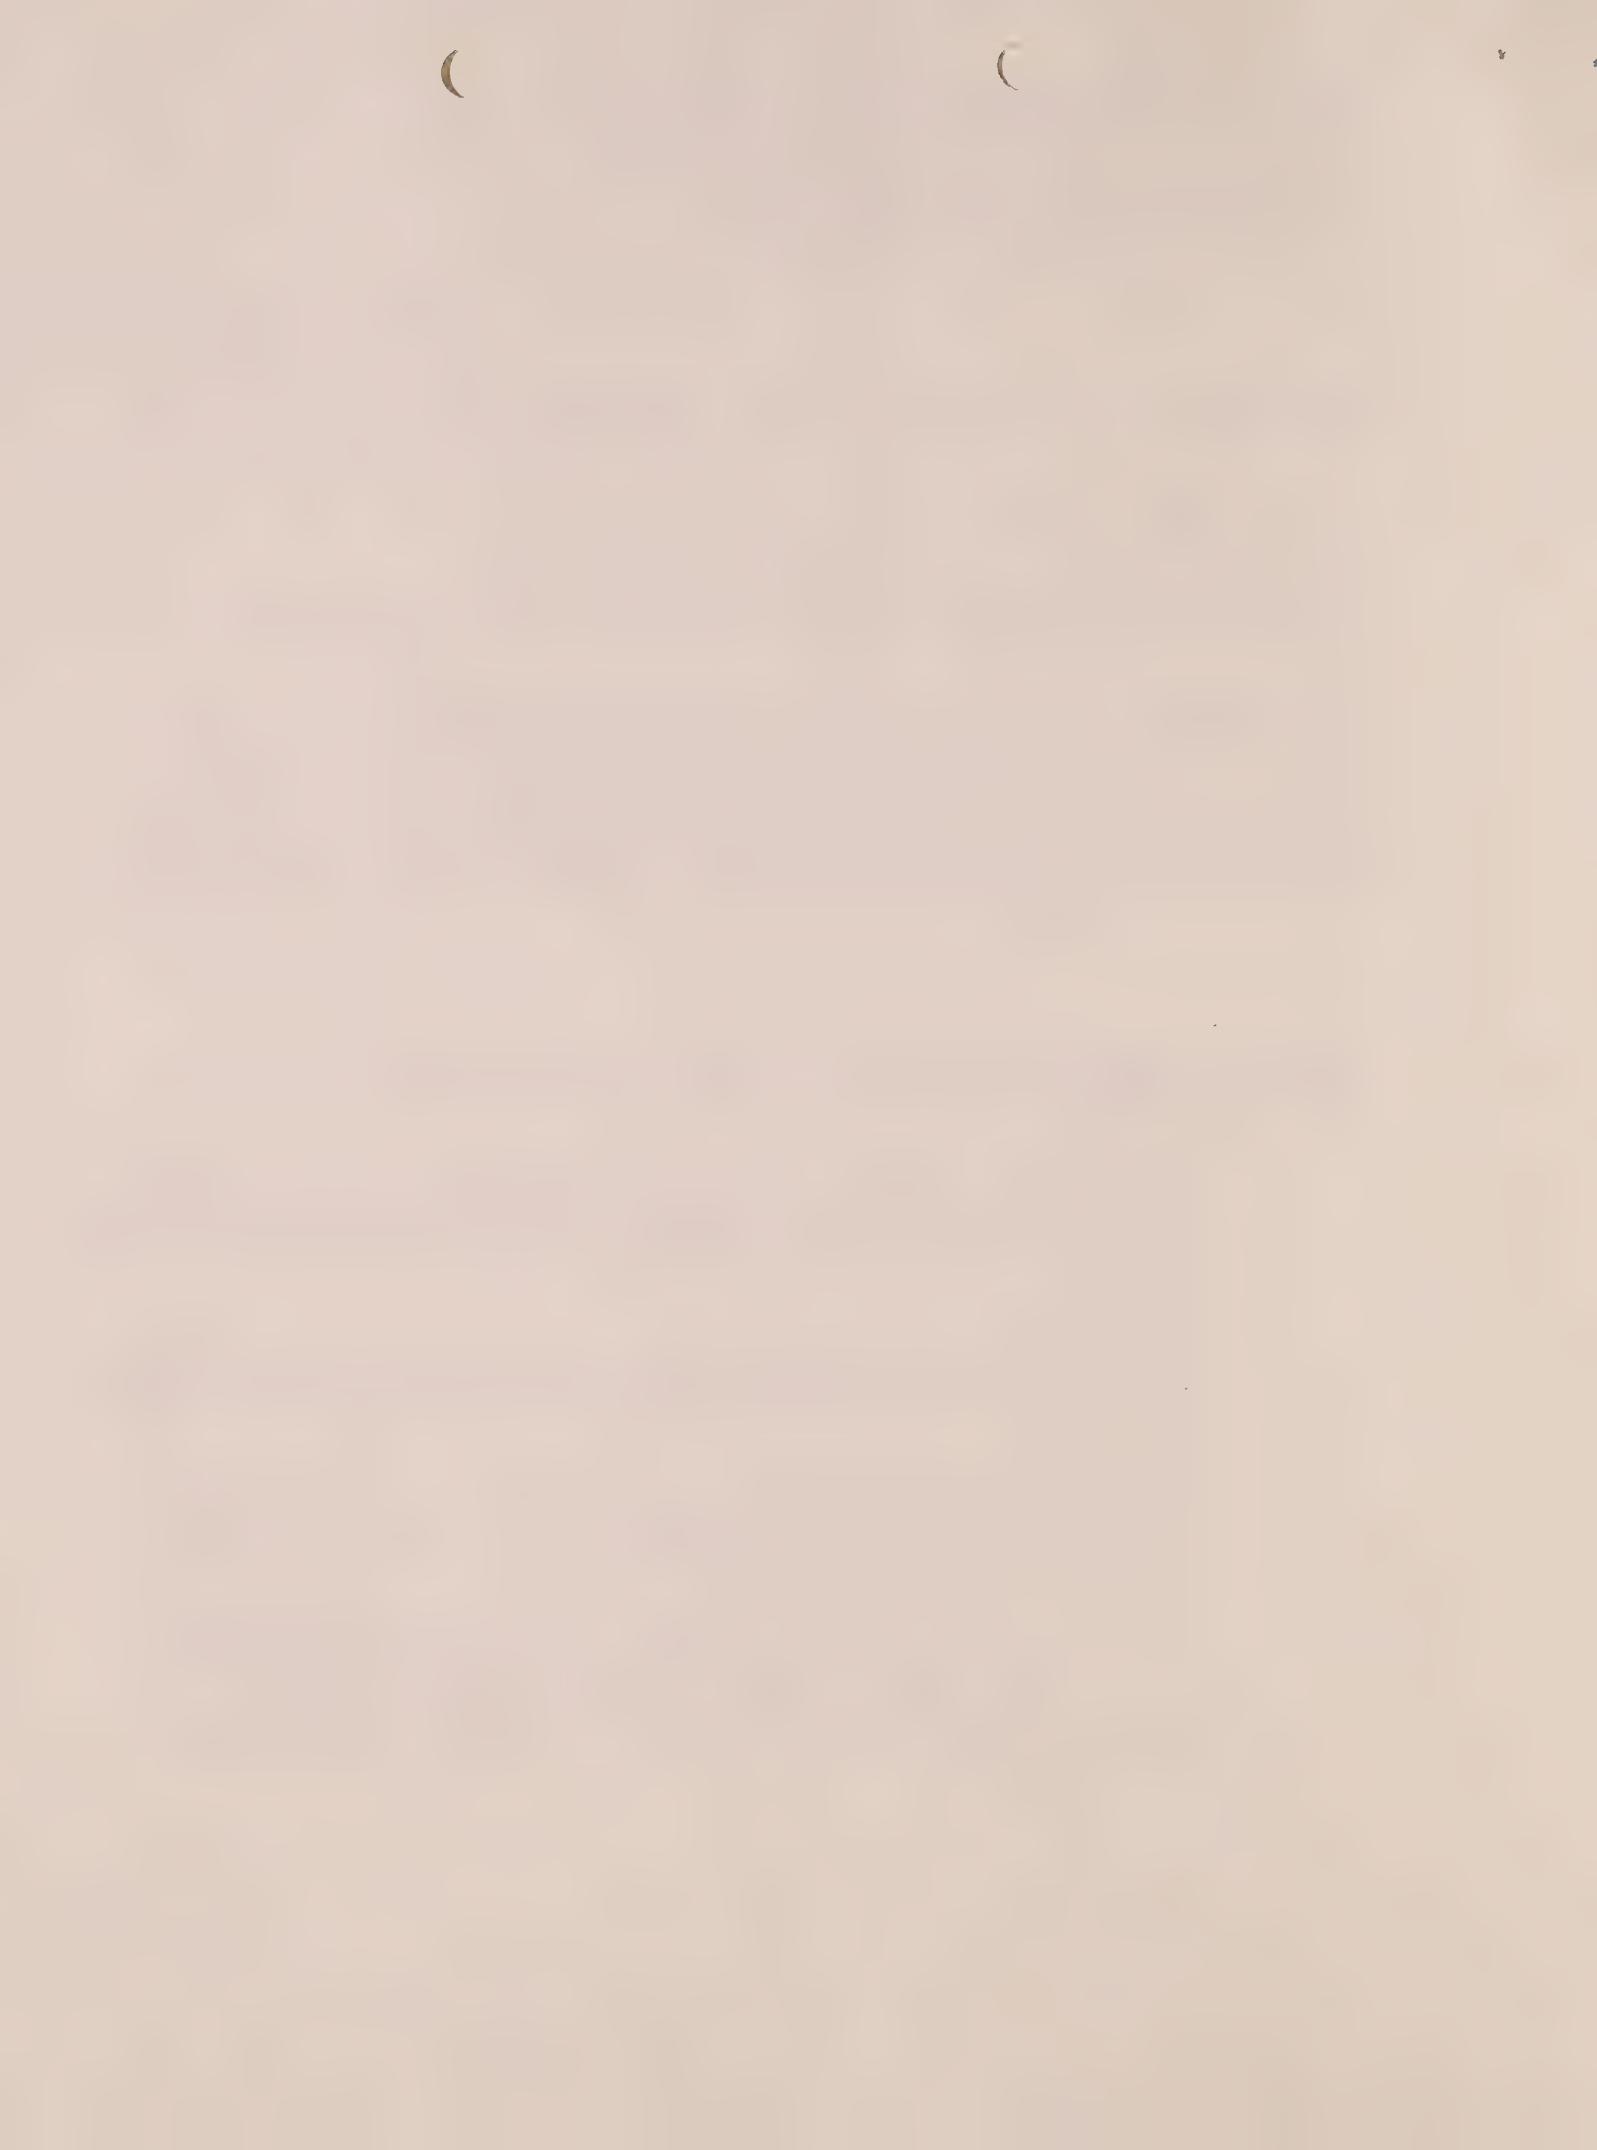

By virtue of the authority vested in me by Public Law 93-198, it is hereby ordered that:

Commissioner's Order No. 299.207/1 of December 27, 1935, as amended by Order of the Commissioner No. 68-211 of March 19, 1968, as amended by Order No. 71-370 of November 2, 1971, is hereby repealed. The following policies shall govern the availability for disclosure by agencies of the Government of the District of Columbia of official information and records requested by the general public.

Sec. 1. Definitions. For the purposes of this Order, the following definitions shall apply:

- (a) "Agency" means an office, department, division, board, commission, or other entity of the Government of the District of Columbia under the administrative authority of the Mayor of the District of Columbia.
- (b) "Available" means keeping the record or a duplicate thereof open for inspection and copying during the normal business hours of the agency.
- (c) "Categorical request" means any request for all records falling within a reasonably specific category which conforms to the definition of "identified records."
- (d) "Identified records" mean any reasonably specific description of the records sought which will enable an agency employee to locate the requested records and would include the general subject matter of the records, and the title and dates of the records, if known.

(Attachment C)

- (e) "Person" means any member of the general public, besides persons legally authorized by other than this Order, whether an individual, partnership, association, corporation, or public or private organization.
- (f) "Public disclosure" means available to any member of the general public besides persons legally authorized by other than this Order.
- (g) "Records" means any books, papers, maps, photographs or other documentary material, regardless of physical form or characteristics, made or received by an agency of the Government of the District of Columbia in connection with the transaction of public business, and preserved or appropriate for preservation by that agency or its successor as evidence of its organization, functions, decisions, policies, procedures, operations, or other activities of the District Government or because of the informational value of data contained therein. However, the term shall not include the compiling or processing of a record not in existence, or not in the possession or control of the agency, nor shall it include objects or articles such as tangible exhibits, models, and other structures or equipment.

Sec. 2(a) General Availability of Government Records. Upon written request by any person for identified records, the agency of the District Government to which the request is directed shall, not later than within ten working days, make such records available. Should the agency require additional time to produce the records, it shall acknowledge the request in writing within such ten-day period, stating therein the reason for the delay and indicating the date on which the records shall be available. Grounds for delay beyond the ten-day period are: the requested records are stored in whole or part at locations other than the office having charge of the records; the request requires the collection of a substantial number of specified records; the requested records have not been located in the course of a routine search and additional efforts are required to locate them; the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure by section (3) (a) of this Order, or can be revealed only with appropriate deletions as provided for under section (3) (a).

(b) If the records requested are unavailable for disclosure under one of the categories of Section (3) (a), the agency may deny the request, but in such case it shall provide a written denial to the person requesting the records within ten working days, stating the reason for the denial and shall inform such person of the review procedures provided by section 5 of this Order. The knowledge and responsibility of the head of the agency denying the request shall be implied in every written denial. Each agency of the District Government shall maintain a file of all letters of denial of that agency which shall be made available on request.

(

)

Sec. 3. Records which may be withheld from Public Disclosure.

- (a) The following records may be withheld from public disclosure:
 - (1) records specifically exempted from disclosure by law;
 - (2) records in files whose release would result in a clearly unwarranted invasion of personal privacy, except when identifying references, such as names and addresses, are deleted;
 - (3) records in investigatory and inspection files compiled for law enforcement purposes, except to the extent available by law to a party other than an agency;
 - (4) records of commercial or financial information obtained from a person under an agreement of confidentiality; and
 - (5) records of inter-agency or intra-agency communications which would not be available by law to a party other than an agency in litigation with the agency, except all guidelines, instructions or procedures issued to governmental personnel for the administration of any public law, regulation or Order shall not be considered inter-agency or intra-agency communications under this Order.
 - (6) Reports and memoranda of consultants or independent contractors, except to the extent they would be required to be disclosed if prepared by the agency.

Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this subsection.

- (b) Any of the records listed in subsection (a), except for records listed in paragraph (1), may be made available by the agency or reviewing body if said agency or reviewing body determines that no unreasonable interference with personal privacy or effective governmental operations shall result. Nothing in this Order shall authorize the withholding of information or limit the availability of records to members of Congress, the Council of the District of Columbia, or to any legally authorized governmental agency or person.

Sec. 4 Public Information Review Board.

- (a) A Public Information Review Board is hereby established to administer and supervise this Order and to review delays and denials of information by agencies involved. The Review Board shall be comprised of the following members: (1) the Public Affairs Officer of the District of Columbia or his representative, (2) the Director of the Municipal Planning Office or his representative, (3) the Executive Secretary or his representative, and (4) two representatives appointed by the Mayor of the District of Columbia who shall represent the public.

The public representatives may not be employees of the District of Columbia Government and shall serve a three-year term of office. The Chairman and Vice Chairman shall be designated by the Mayor.

- (b) The Executive Secretary of the District of Columbia shall furnish staff assistance to the Board. Three members of the Review Board shall constitute a quorum.
- (c) The Review Board shall have the following powers and responsibilities:
 - (1) to review all appeals from denials of access to agency records; and
 - (2) to review all complaints about violations of time limits set out in section 2 of this Order. If the Review Board finds the complaint justified, it shall order the agency to supply the records or to issue an official denial immediately. A report of the failure or refusal of an agency to comply with an order of the Review Board shall be forwarded to the Commissioner for appropriate action.
 - (3) The Board, its Chairman, or any of its members, is authorized to conduct informal meetings between agency representatives and persons appealing from denials of access to agency records for purposes of conciliation of reaching voluntary accords between the persons concerned.

Sec. 5 Review of Denials of Public Access to Government Records. Any person denied access to Government records by an agency may appeal within thirty (30) days of such denial, by filing an original and four copies of a request for review, in writing, with the Executive Secretary, who shall immediately notify the Board members of the appeal.

- (a) The appeal shall state in writing the grounds for the appeal, including supporting statements or arguments, and a copy of the agency's letter of denial. An additional copy of the appeal shall be filed with the agency that denied the request. The agency shall transmit to the Board within five (5) working days copies of all correspondence and documents pertinent to the appeal.

The Board shall be convened within twenty working days from the time a written appeal is received by the Executive Secretary.

- (b) The Board is authorized to review the facts and rationale behind the agency action, including review of the records in question, and shall determine whether the agency decision represents a proper interpretation and application of this Order. The review shall be conducted upon the written record. Hearings may be granted in the discretion of the Board or its Chairman, for purposes of oral argument. Persons granted oral argument may submit written summaries thereof or briefs but no transcript need be made.

- (c) If the Board, after its review, determines that the agency in question improperly interpreted or applied provisions of this Order, the Board may issue a directive to the agency ordering it to make available the records in question. The decision of the Review Board shall be sent in writing to the person making the appeal within ten days after the Board convenes to consider the appeal. A copy of all decisions of the Review Board shall be kept on file by the Executive Secretary and shall be available to any person on request.

Sec. 6. Search and Duplication Fees and Method of Payment.

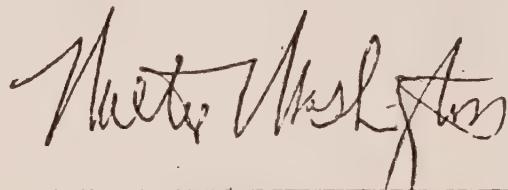

- (a) The following specific fees shall be applicable with respect to services rendered to persons pursuant to this order:
- | | |
|---|--------|
| (1) Searching for records, per quarter hour,
after 1st hour, by clerical personnel..... | \$1.00 |
| (2) Nonroutine searching, per quarter hour,
by supervisory personnel..... | 2.50 |
| (3) Copies made by photostat or otherwise
(per page). (Maximum of 2 copies will
be provided.....) | .10 |
| (4) Duplication of architectural or engineering
photostats and drawings (per page)..... | .40 |
- (b) When no specific fee has been established for a service, for example, when the search involves computer time or special travel, transportation, or communications costs, the head of the agency is authorized to determine the direct costs of the service and include such costs in the fees chargeable under this section.
- (c) Where it is anticipated that the fees chargeable under this section will amount to more than \$25, and the requester has not indicated in advance his willingness to pay fees as high as are anticipated, the requester shall be promptly notified of the amount of the anticipated fee or such portion thereof as can readily be estimated. In appropriate cases an advance deposit may be required. The requester is at any time welcome to confer with knowledgeable agency personnel in an attempt to formulate the request in a manner which will reduce the fees and meet the needs of the requester. A request will not be deemed to have been received until the requester has agreed to pay the anticipated fees and has made an advance deposit if one is required.
- (d) A charge of \$1.00 shall be made for each certification of true copies of agency records.
- (e) Search costs are due and payable even if the record which was requested cannot be located after all reasonable efforts or if the agency determines that a record which has been requested

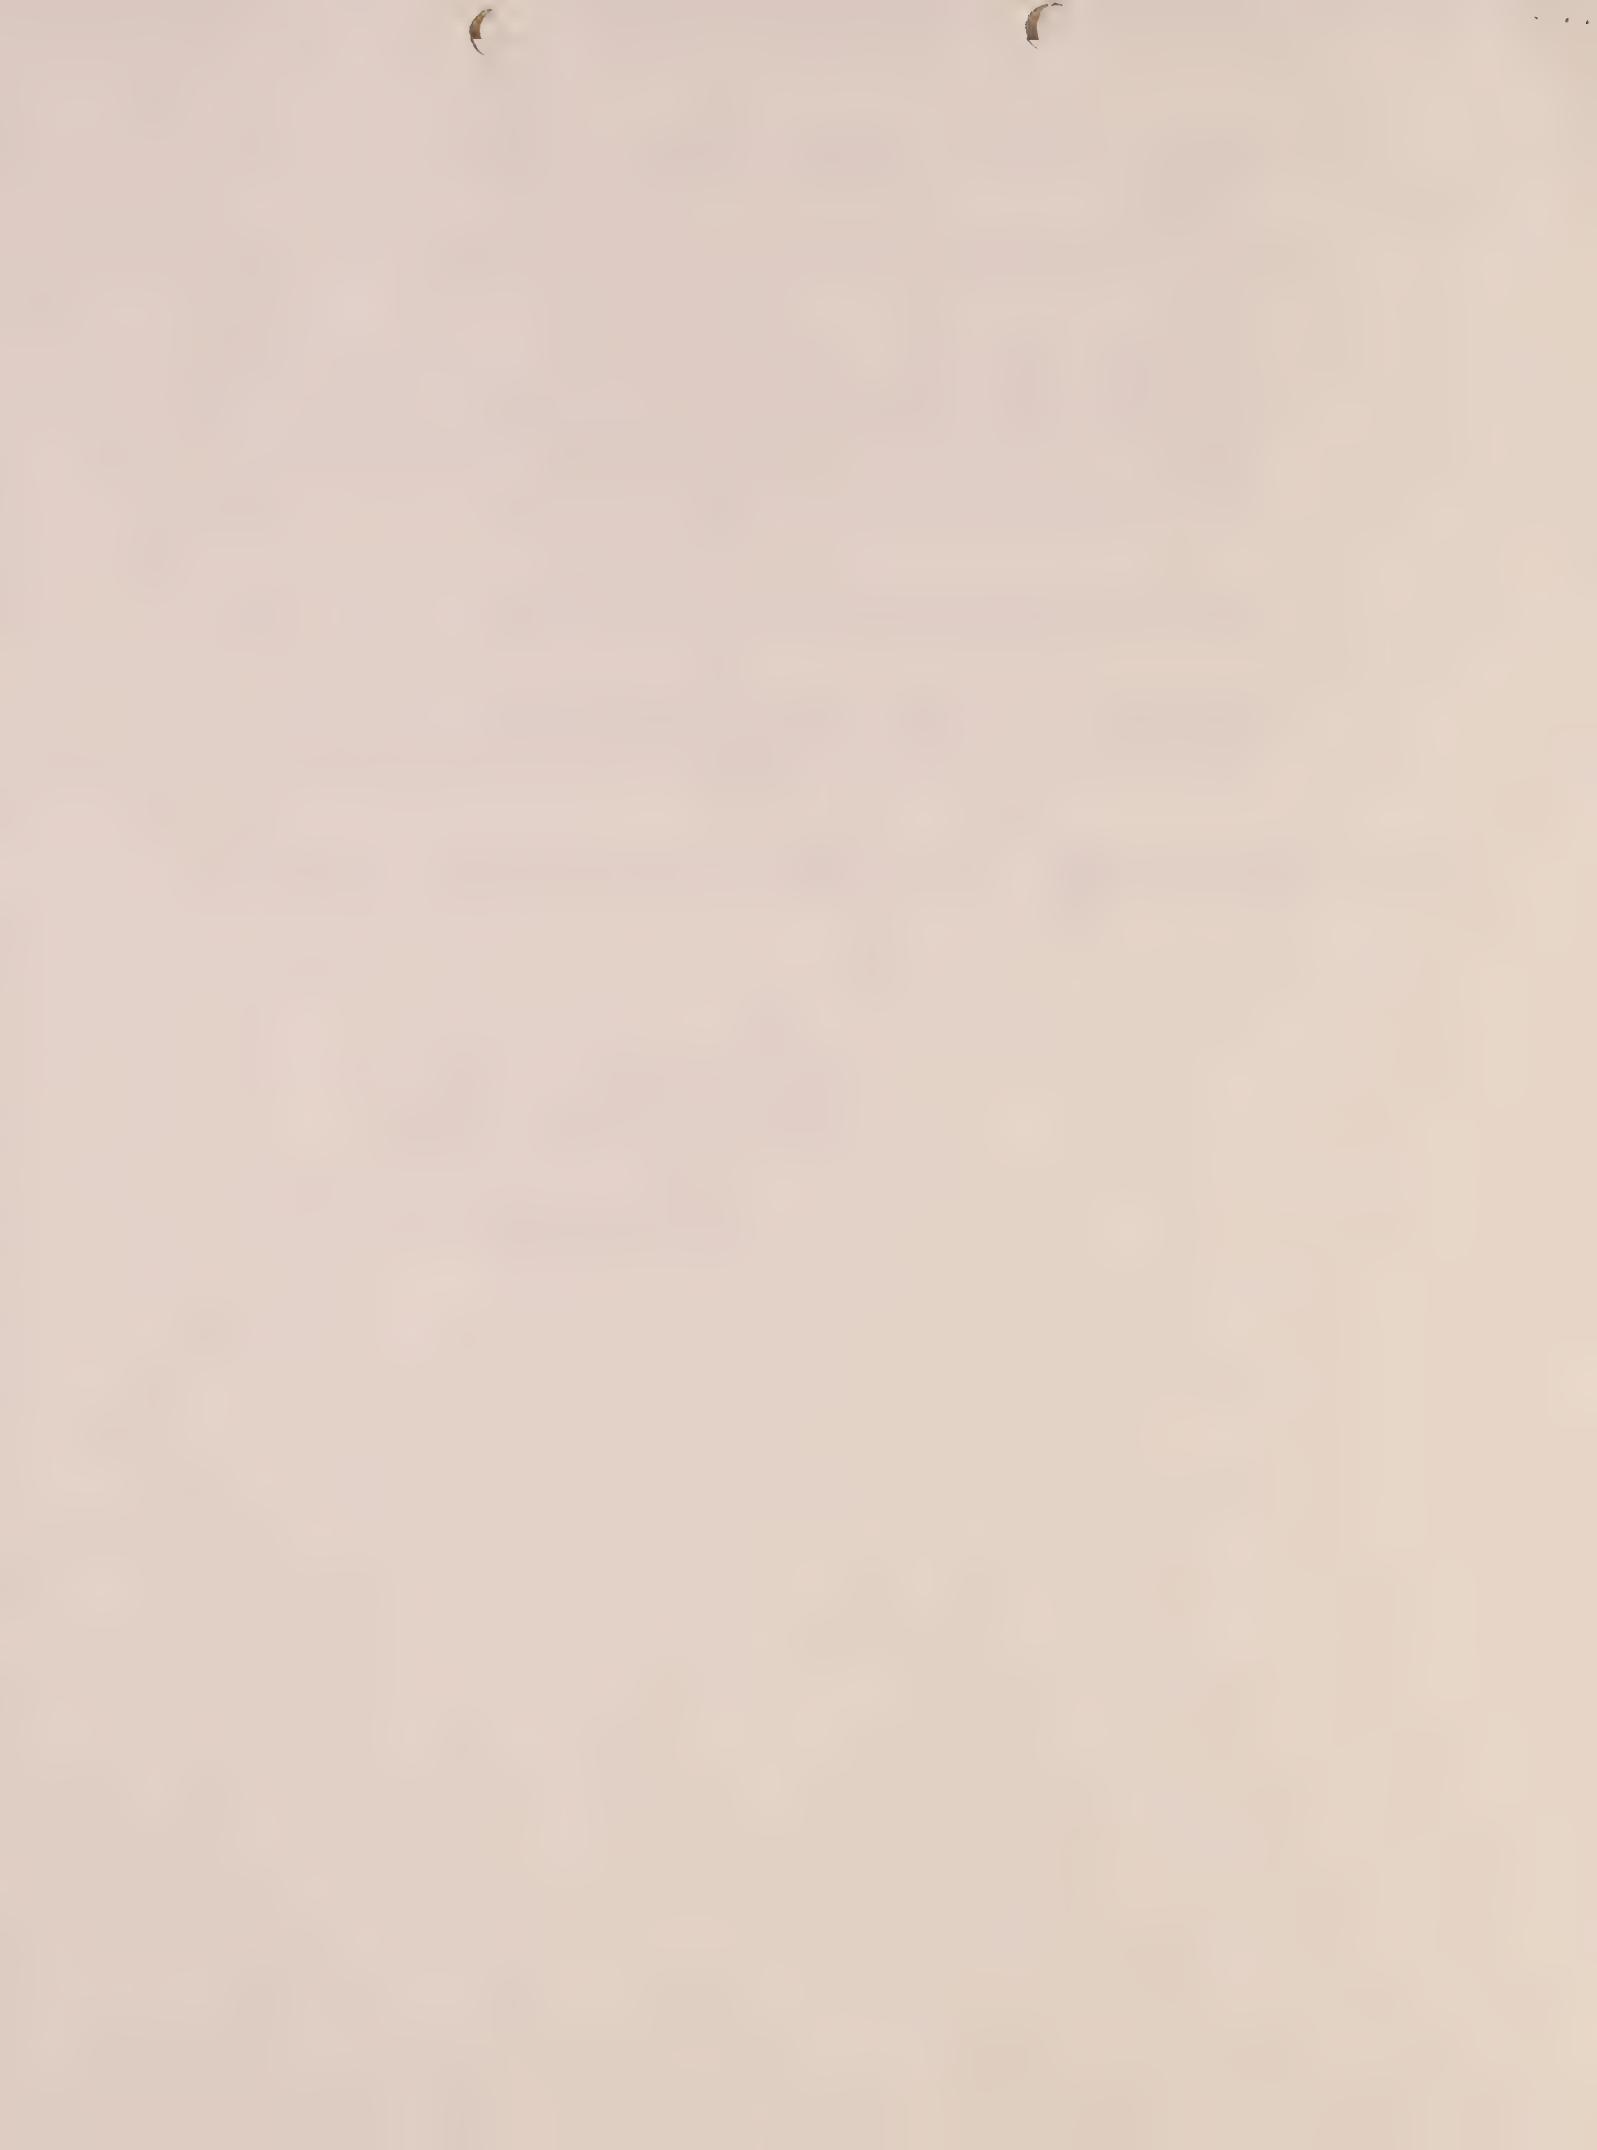

which is exempt from disclosure under this part is to be withheld.

- (f) Fees must be paid in full prior to issuance of requested copies.
- (g) Remittances shall be in the form either of a personal check or bank draft drawn on a bank in the United States, a postal money order, or cash. Remittance shall be made payable to the order or the D.C. Treasurer and mailed or otherwise delivered to the head of the agency. The agency will assume responsibility for cash which is lost in the mail.
- (h) A receipt for fees paid will be given only upon request. Refund of fees paid for services actually rendered will not be made.
- (i) The head of the agency or an officer designated by him may waive all or part of any fee provided for in this section when such officer deems it to be in either the agency's interest or in the general public's interest.

Sec. 7. Effective Date. The provisions of this Order shall take effect May 4, 1976.

[Order 556-73]

PART 16—PRODUCTION OR DISCLOSURE OF MATERIAL OR INFORMATION**Subpart C—Production of FBI Identification Records in Response to Written Requests by Subjects Thereof**

By order dated September 24, 1973, the Attorney General of the United States directed that the Federal Bureau of Investigation, hereinafter referred to as the FBI, publish rules for the dissemination of arrest and conviction records to the subjects of such records upon request. This order resulted from a determination that 28 U.S.C. 534 does not prohibit the subjects of arrest and conviction records from having access to those records. In accordance with the Attorney General's order, the FBI will release to the subjects of identification records copies of such records upon submission of a written request, satisfactory proof of identity of the person whose identification record is requested and a processing fee of five dollars.

Since the FBI Identification Division is not the source of the data appearing in identification records, and obtains all data thereon from fingerprint cards or related identification forms submitted to the FBI by local, state, and Federal agencies, the responsibility for authentication and correction of such data rests upon the contributing agencies. Therefore, the rules set forth for changing, correcting or updating such data require that the subject of an identification record make application to the original contributing agency in order to correct the deficiency complained of.

The relevant provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rule making, opportunity for public participation and delay in effective date are inapplicable because the material contained herein relates to the interpretation of 28 U.S.C. 534 as allowing the granting of an exemption to subjects of identification records and relief of prior administrative restrictions on dissemination of such records to them. Furthermore, it is deemed in the public interest that there be no delay in effective date of availability of identification records to the subjects thereof.

By virtue of the order of the Attorney General, dated September 24, 1973, and pursuant to the authority delegated to the Director, FBI by 28 CFR 0.85(b), Part 16 of 28 CFR Chapter I, is amended by adding the following new Subpart C:

§ 16.30 Purpose and scope.

This subpart contains the regulations of the Federal Bureau of Investigation, hereafter referred to as the FBI, concerning procedures to be followed when the subject of an identification record requests production thereof. It also contains the procedures for obtaining any change, correction or updating of such record.

§ 16.31 Definition of identification record.

An FBI identification record, often referred to as a "rap sheet," is a listing of fingerprints submitted to and retained by the FBI in connection with arrests and, in certain instances, fingerprints submitted in connection with employment, naturalization or military service. The identification record includes the name of the agency or institution which submitted the fingerprints to the FBI. If the fingerprints submitted to the FBI concern a criminal offense, the identification record includes the date arrested or received, arrest charge information and disposition data concerning the arrest if known to the FBI. All such data included in an identification record are obtained from the contributing local, State and Federal agencies. The FBI Identification Division is not the source of such data reflected on an identification record.

§ 16.32 Procedure to obtain an identification record.

The subject of an identification record may obtain a copy thereof by submitting a written request via the United States mails directly to the FBI, Identification Division, Washington, D.C. 20537, or may present his written request in person during regular business hours to the FBI Identification Division, ~~Second and D Street SW~~, Washington, D.C. Such request must be accompanied by satisfactory proof of identity, which shall consist of name, date and place of birth and a set of rolled-inked fingerprint impressions taken upon fingerprint cards or forms commonly utilized for applicant or law enforcement purposes by law enforcement agencies.

§ 16.33 Fee for provision of identification record.

Each written request for production of an identification record must be accompanied by a fee of five dollars (\$5.00) in the form of a certified check or money order, payable to the Treasurer of the United States. This fee is established pursuant to the provisions of 31 U.S.C. 483a and is based upon the clerical time beyond the first quarter hour to be spent in searching, identifying and reproducing each identification record requested, at the rate of \$1.25 per quarter hour, as specified in § 16.9. Any request for waiver of fee shall accompany the original request for the identification record and shall include a claim and proof of indigency. Consideration will be given to waiving the fee in such cases.

§ 16.34 Procedure to obtain change, correction or updating of identification records.

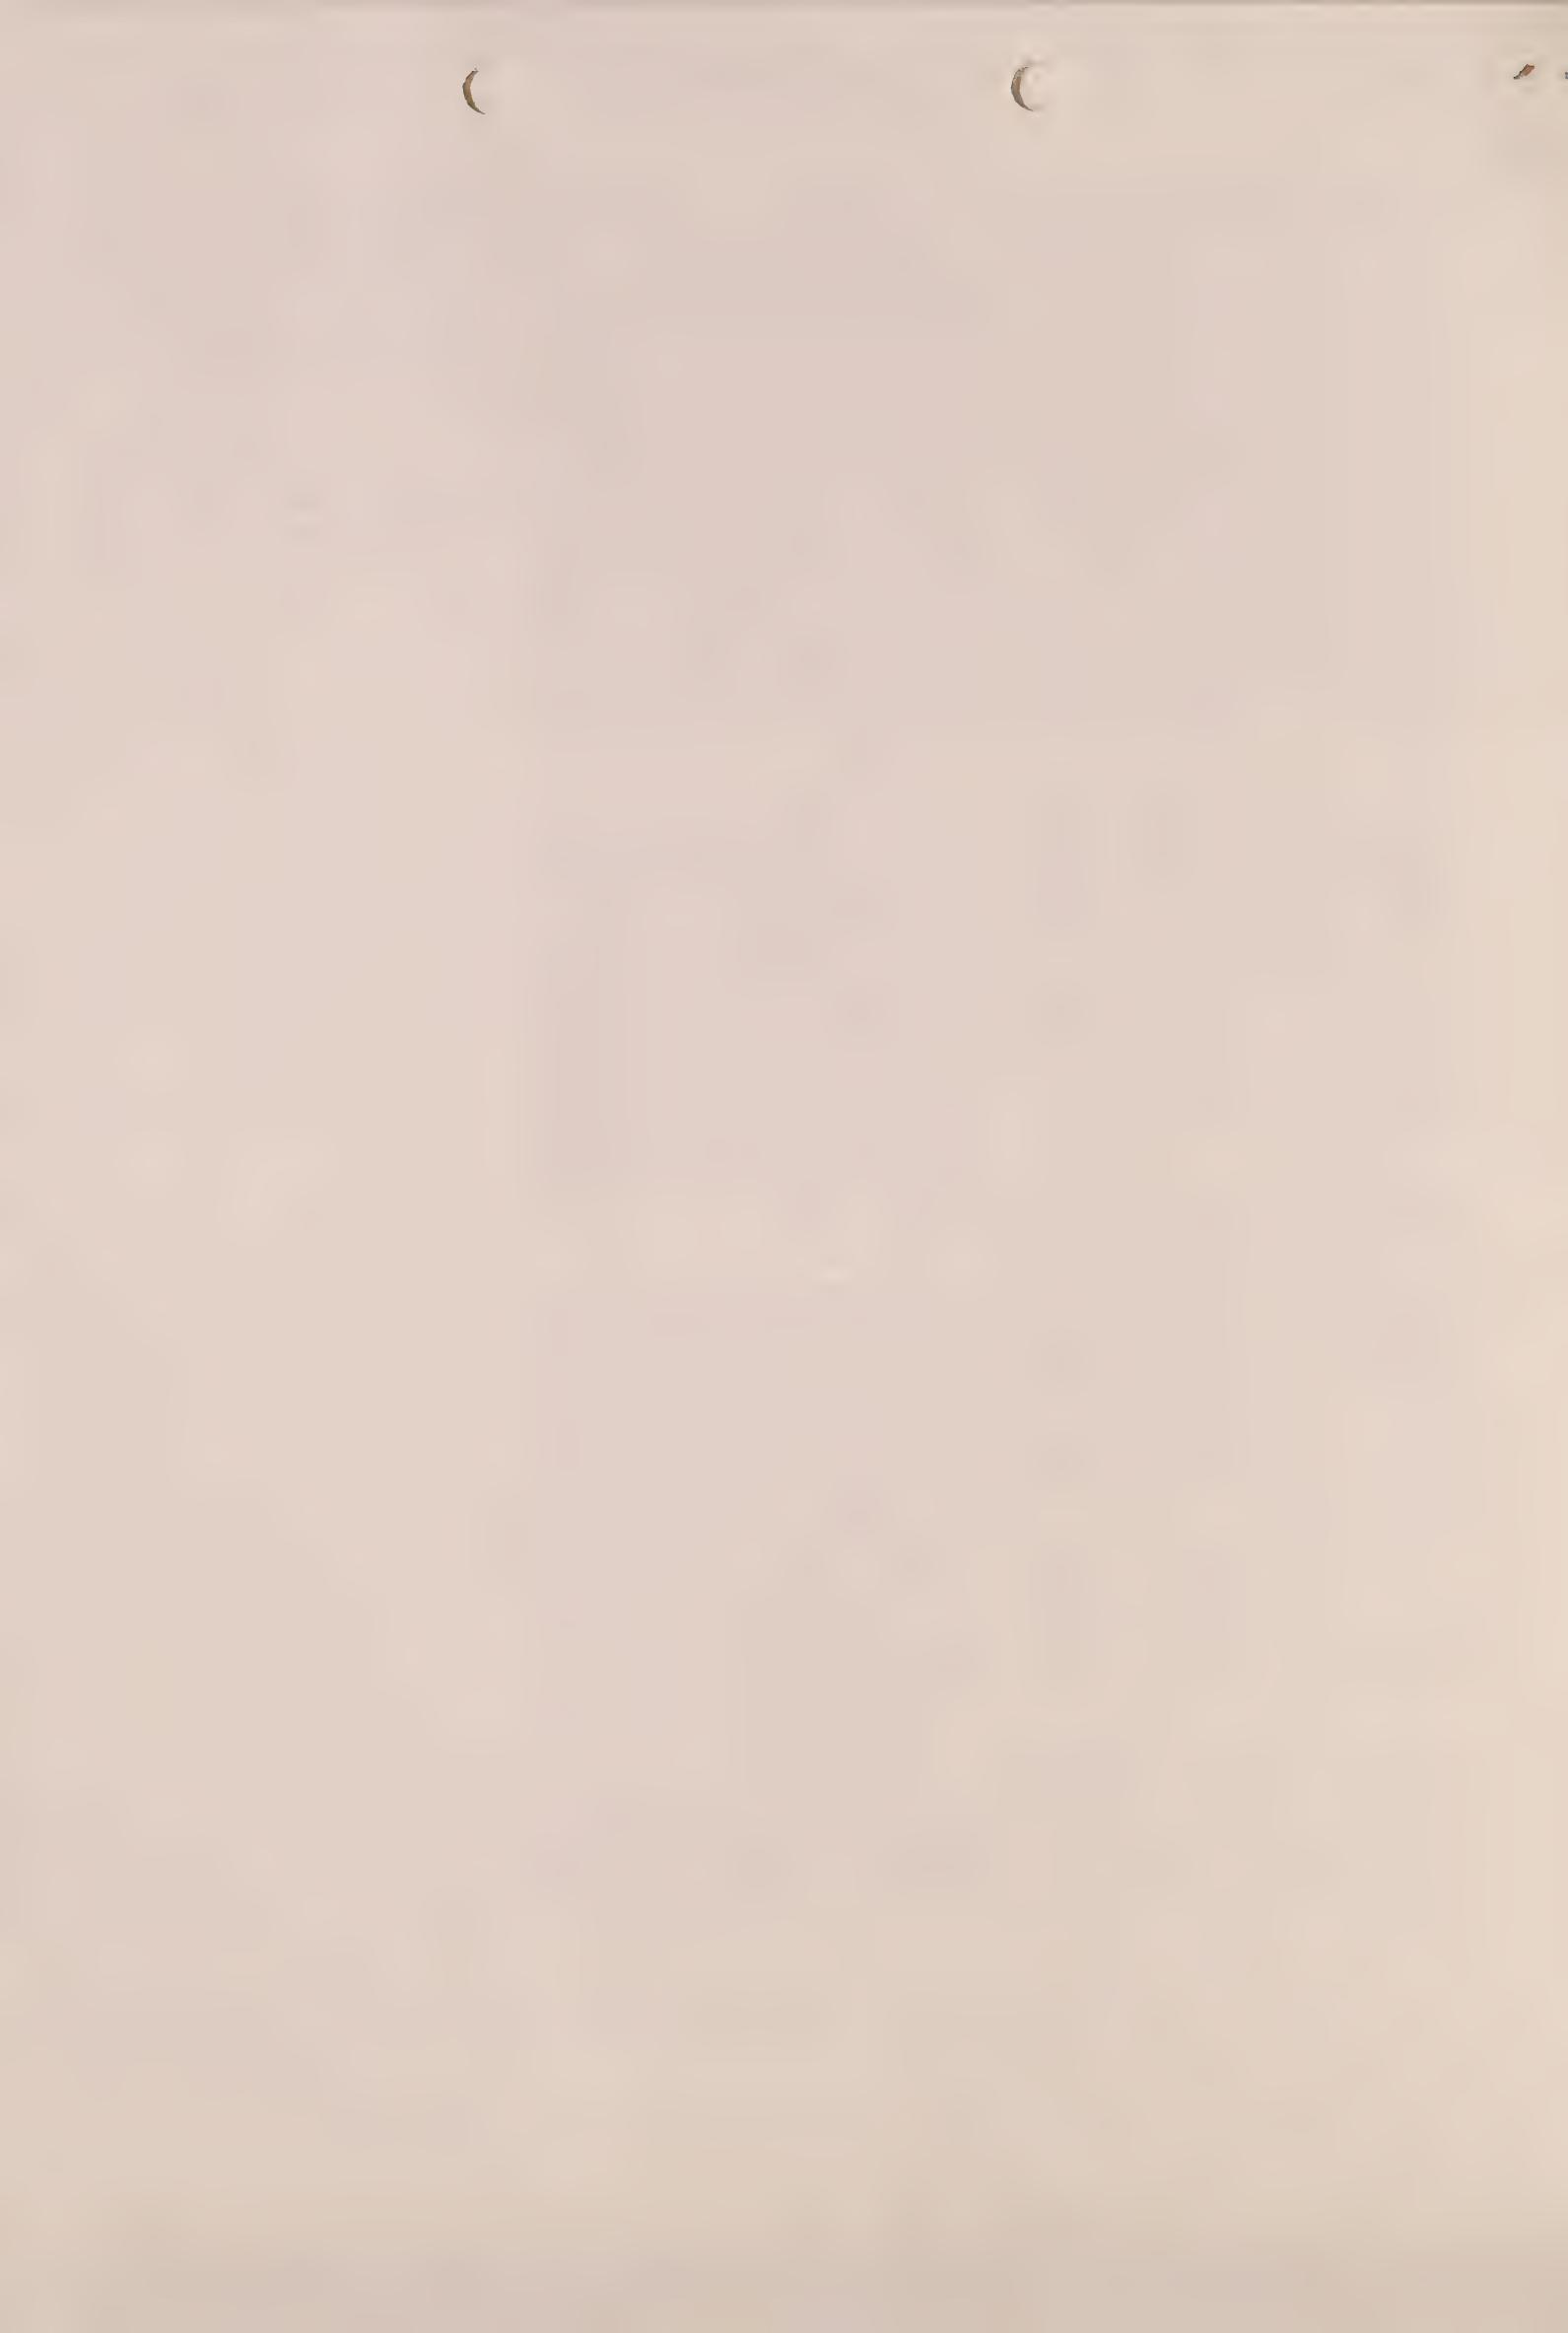

If, after reviewing his identification record, the subject thereof believes that it is incorrect or incomplete in any respect and wishes changes, correction or updating of the alleged deficiency, he

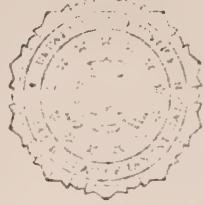

must make application directly to the contributor of the questioned information. Upon the receipt of an official communication directly from the agency which contributed the original information the FBI Identification Division will make any changes necessary in accordance with the information supplied by the agency.

CLARENCE M. KELLEY,
Director,
Federal Bureau of Investigation.

Mr. Julius Wilson Hobson
Apartment 214

Washington, D. C. 20024

Dear Mr. Hobson:

This is to acknowledge receipt by the FBI on June 23, 1976, of your Freedom of Information-Privacy Acts (FOIPA) request dated June 21, 1976.

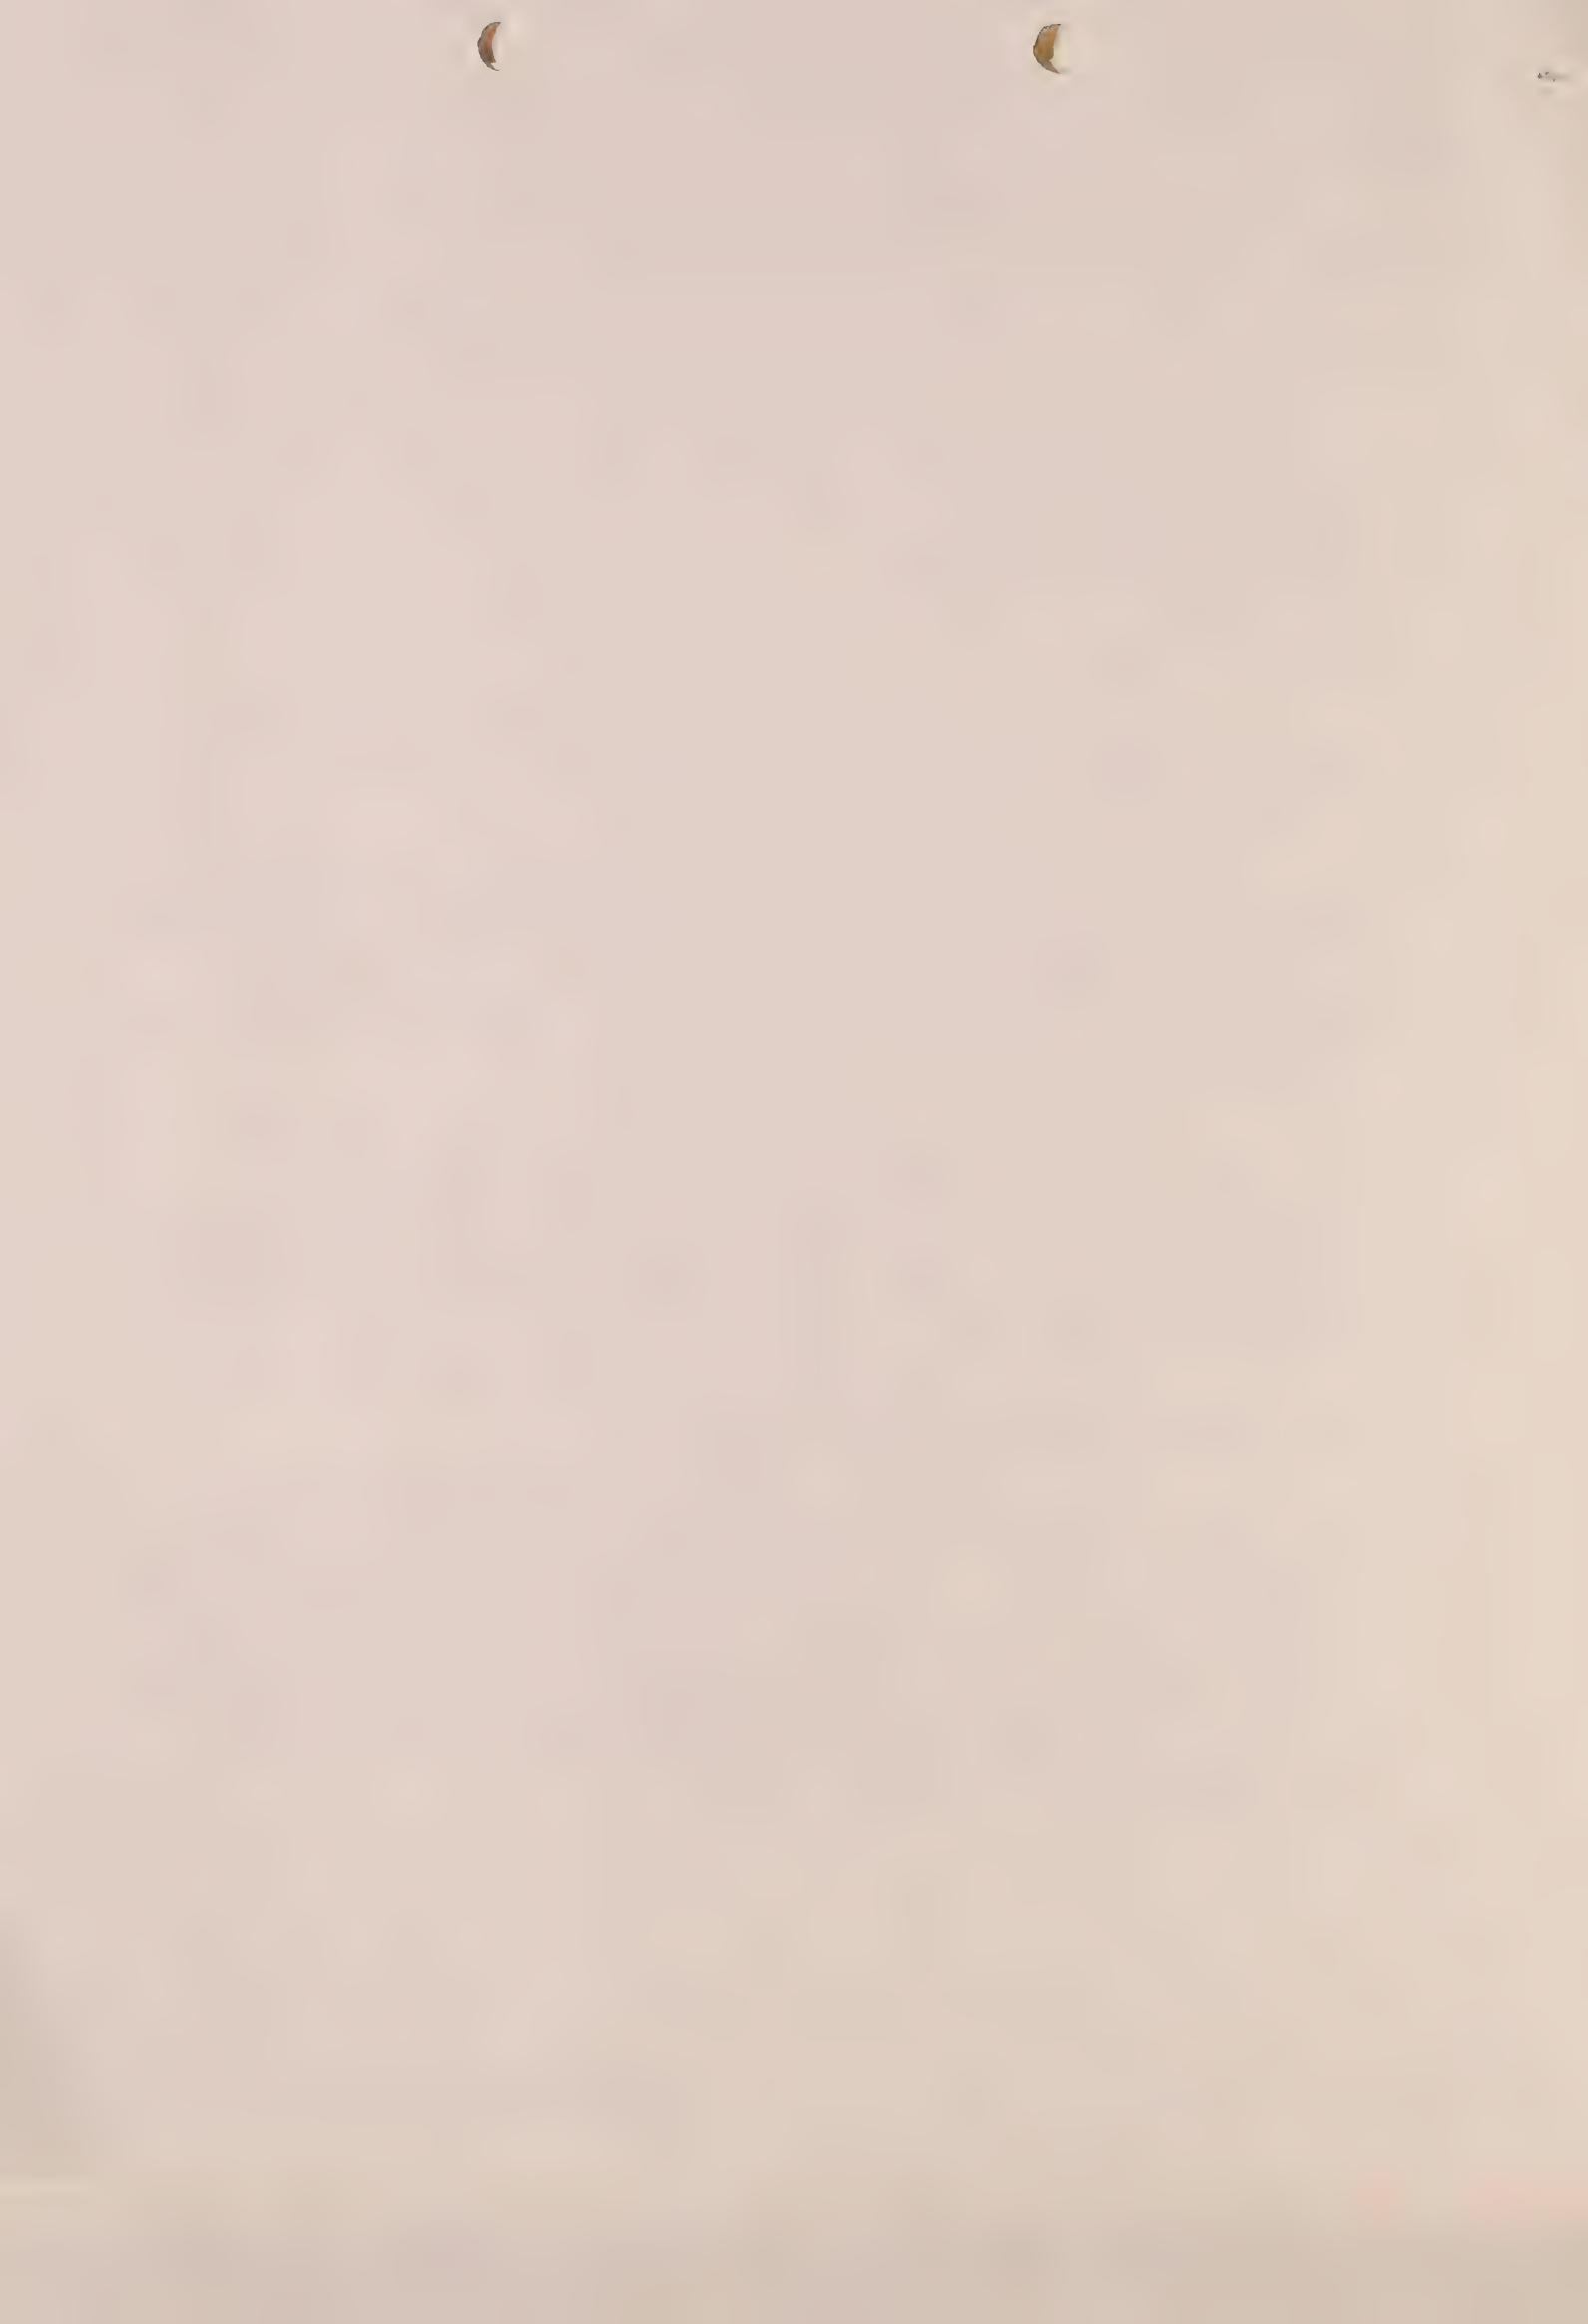

A preliminary review of the index to our central records discloses references to a name similar to yours. Since our records contain innumerable instances of different people with the same name, and we have reviewed only the index to our records at this point, and not the records themselves, we do not know whether the records in question relate to you.

An exceedingly heavy volume of FOIPA requests has been received these past few months. Additionally, court deadlines involving certain historical cases of considerable scope have been imposed upon the FBI. Despite successive expansions of our staff responsible for FOIPA matters, substantial delays in processing requests continue.

We are now beginning to work on requests which we received during October, 1975.

Since January 1, 1975, the FBI has received a total of 23,986 FOIPA requests. Of these, our present backlog is 8,335. In an effort to deal fairly with any request requiring the retrieval, processing and duplication of documents, each request is being handled in chronological order based on the date of receipt. Please be assured that your request is being handled as equitably as possible and that all documents which can be released will be made available at the earliest possible date.

(Attachment D)

Mr. Julius Wilson Hobson

Before we can commence processing for release any documents which may pertain to you, it will be necessary for you to submit your notarized signature. This procedure is designed to insure that information concerning an individual is released only to that person.

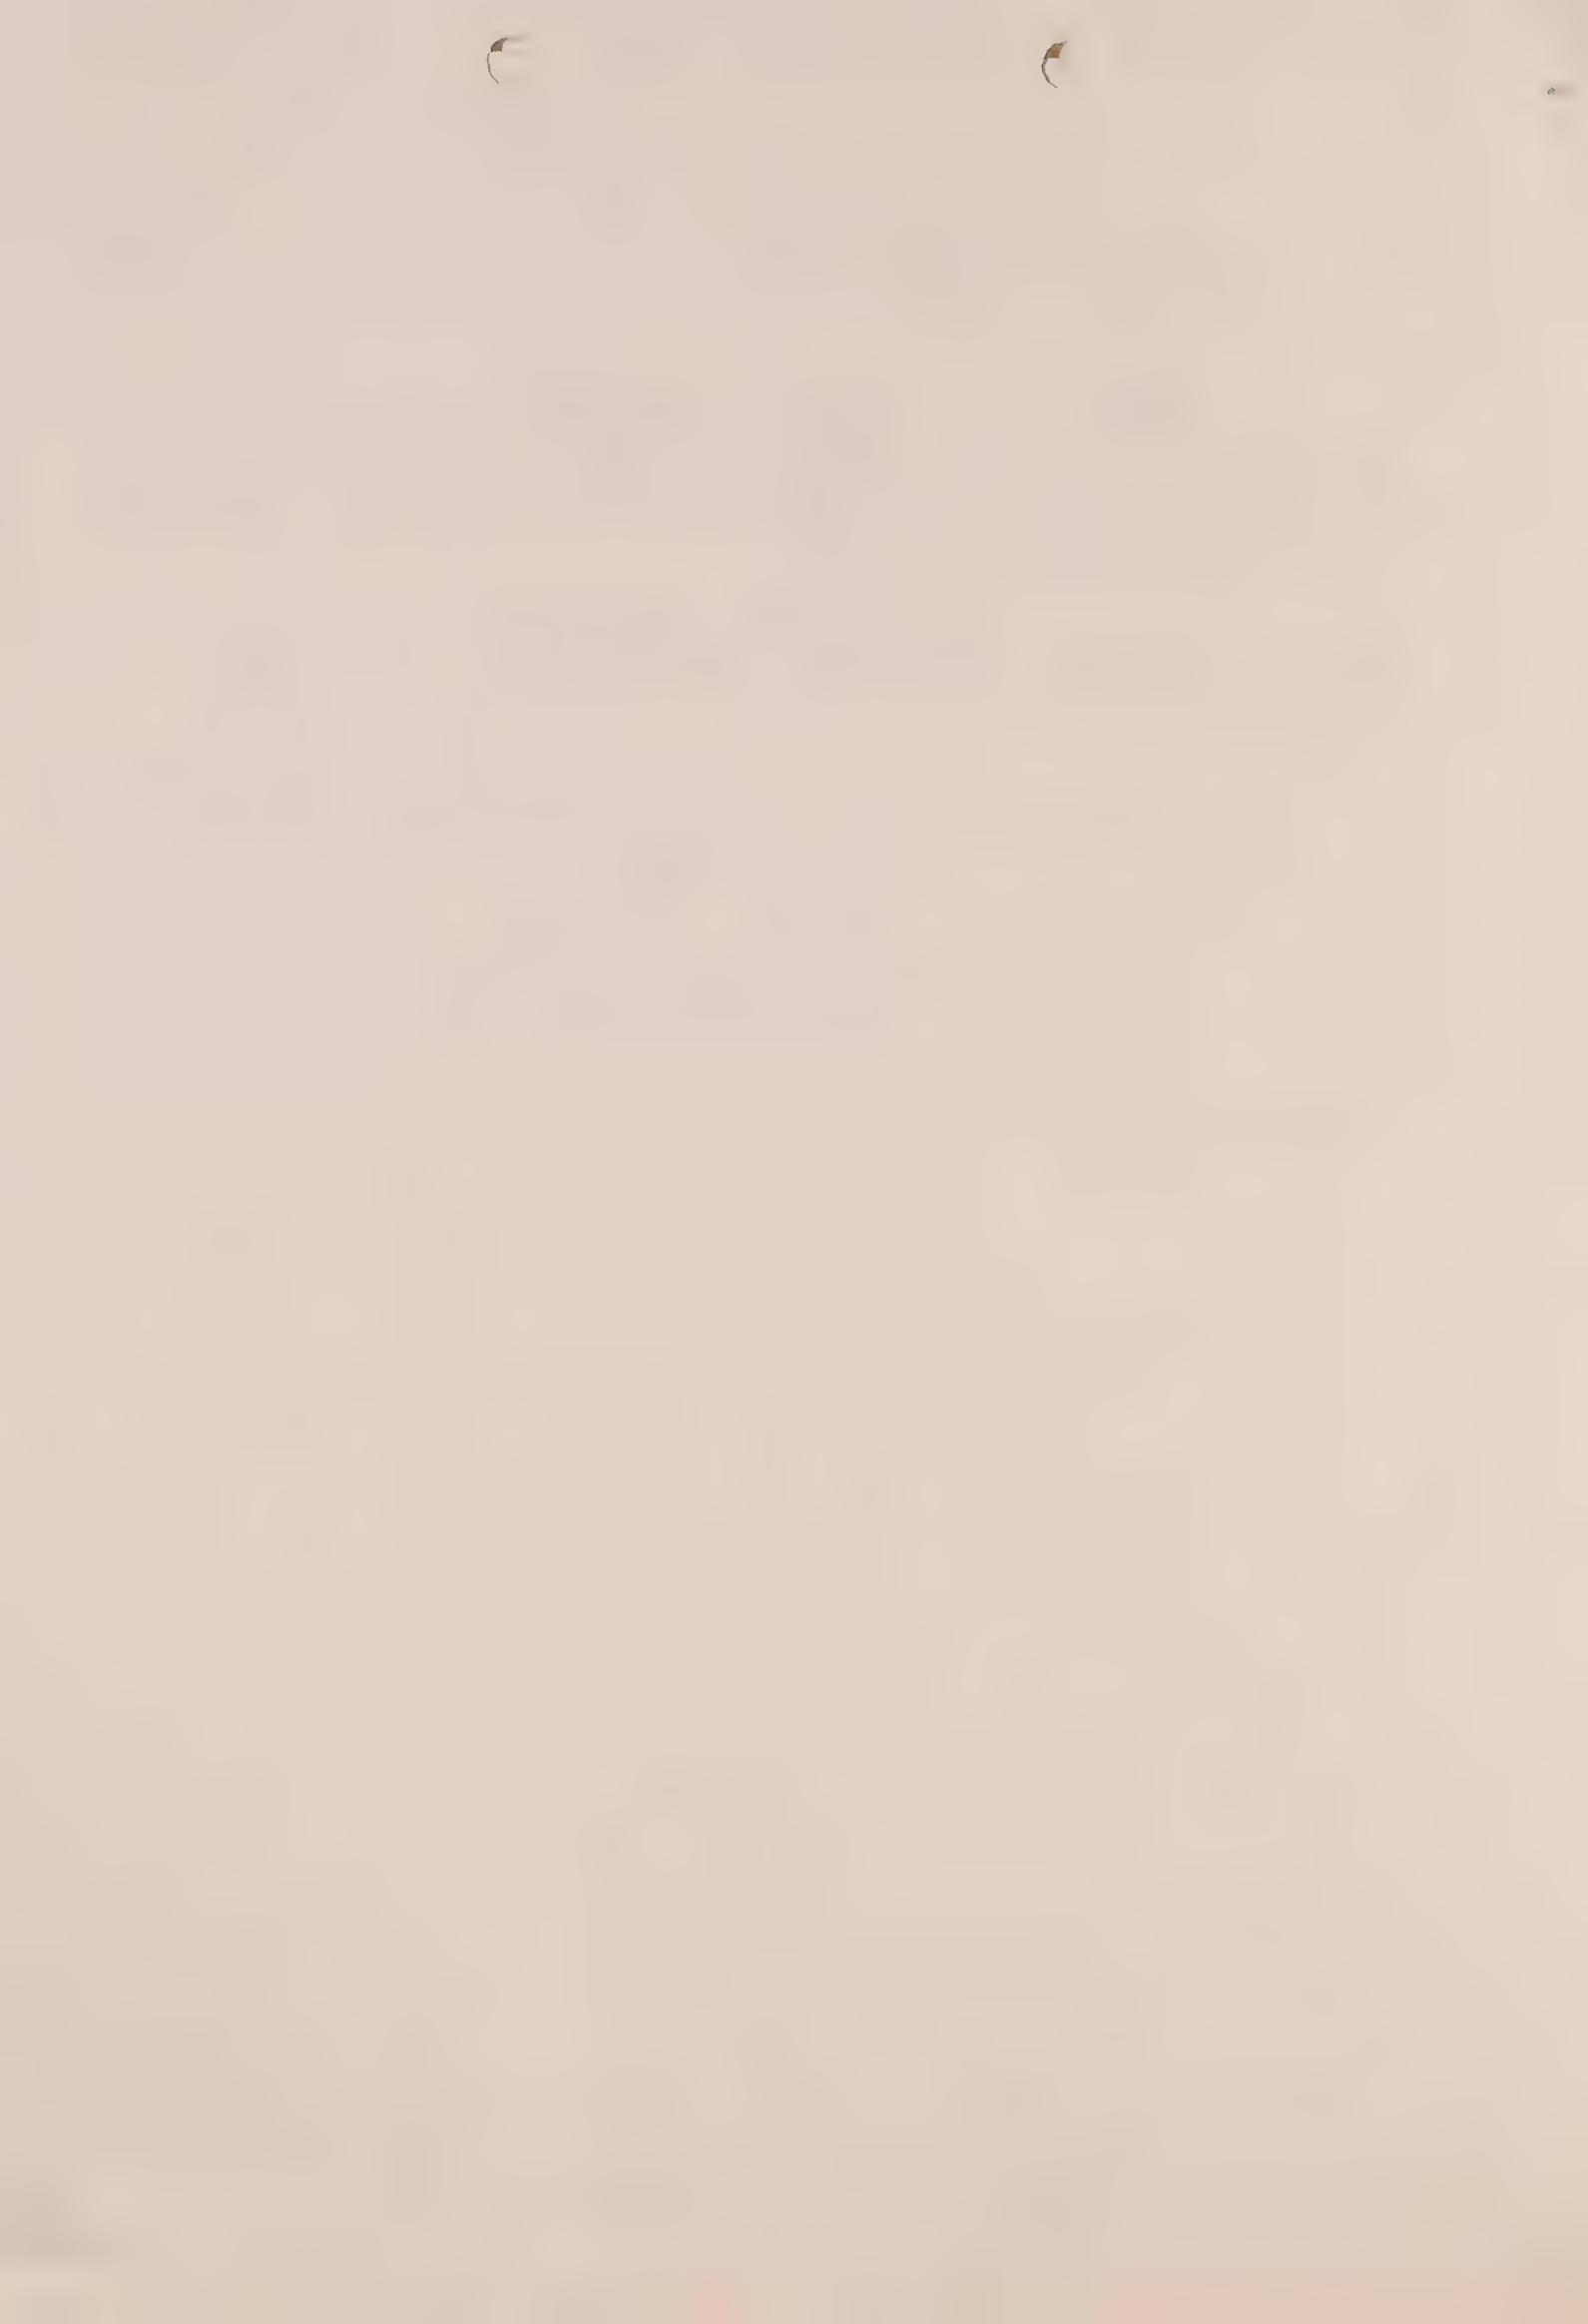

If you desire a search of our Identification Division records, please comply with the instructions set forth in Attorney General Order 556-73, a copy of which is enclosed.

Your patience and understanding will be appreciated.

Sincerely yours,

Clarence M. Kelley

The Honorable Clarence M. Kelley, Director

Dear Mr. Kelley:

On June 21, 1976 I wrote your office requesting full access under the Freedom of Information and Privacy Acts to any information and records which the Federal Bureau of Investigation has compiled on me.

Your letter of July 23, 1976 asked that I submit a notarized signature so that the FBI can continue processing for the release of documents pertaining to me. I have had the signature of this letter notarized in order to comply with this request.

In addition, any documents that pertain to me could be listed under the following name variations:

Julius W. Hobson, Sr.
Julius Wilson Hobson
Julius Hobson

I have also contacted the Bureau's Identification Division separately for a copy of my arrest and conviction records in compliance with Attorney General's Order 556-73. A copy of this request is enclosed.

Thank you for your cooperation.

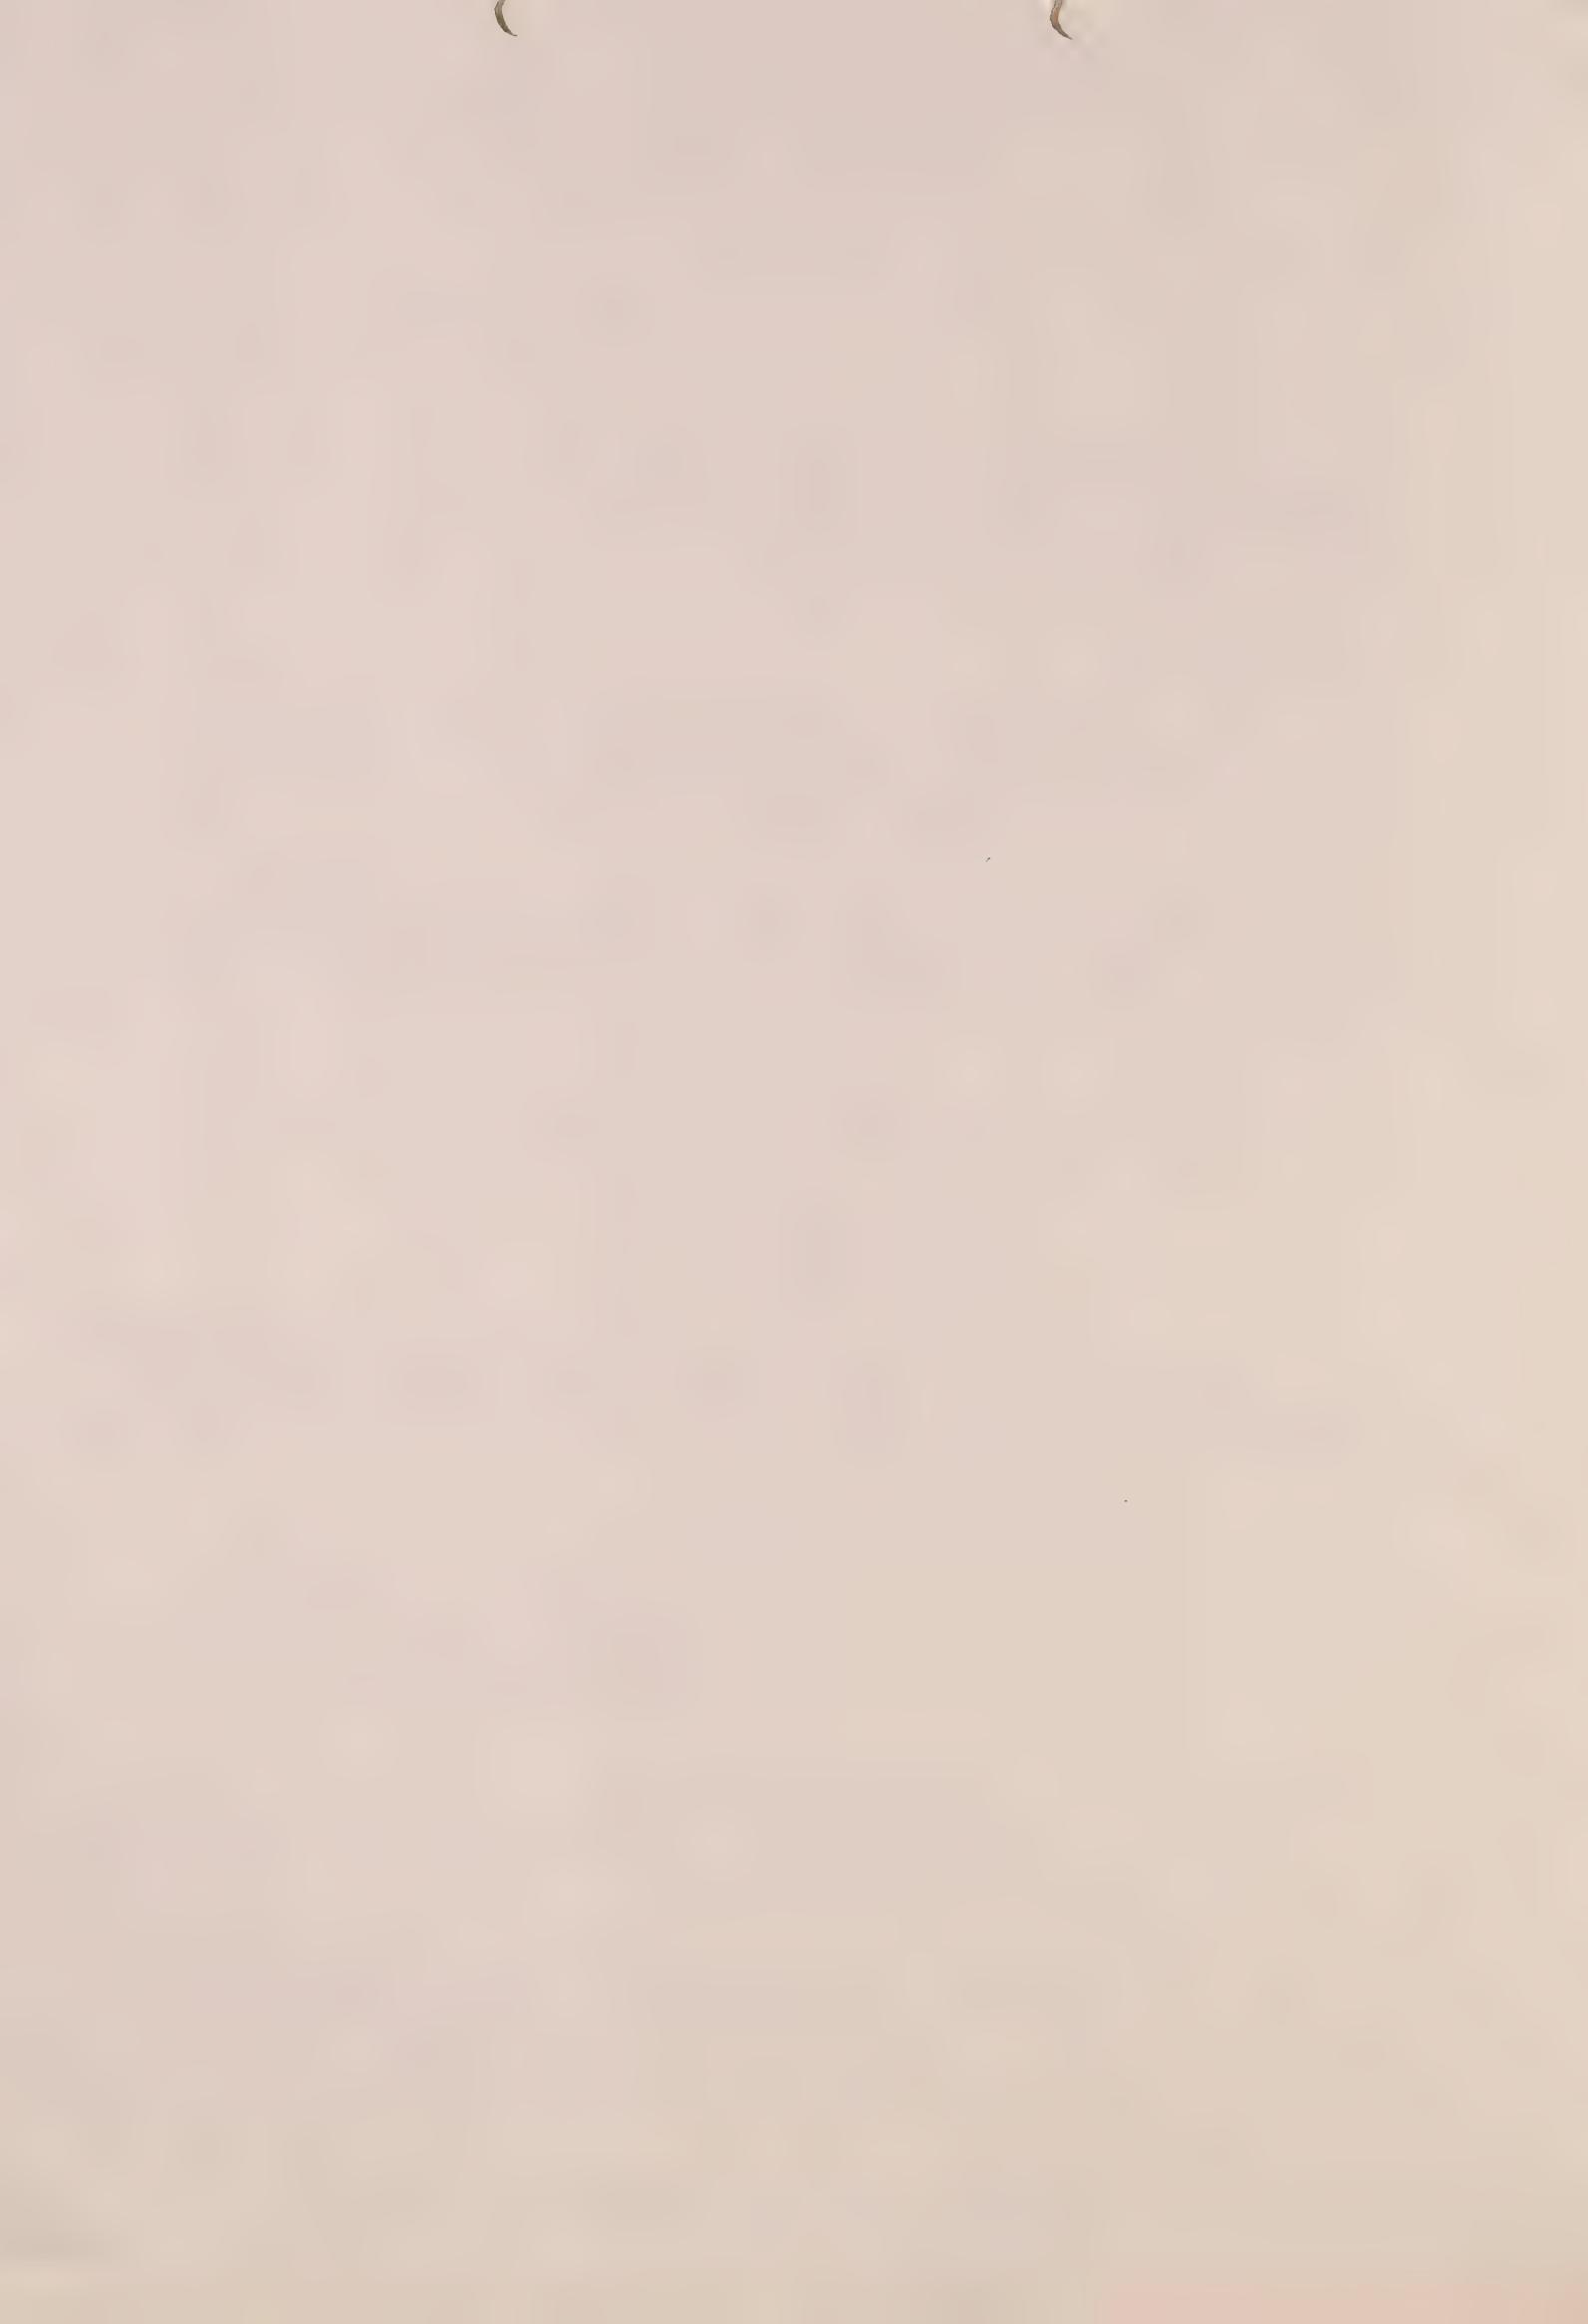

Sincerely,
Julius W. Hobson

RULES AND REGULATIONS

[Order 556-73]

PART 16—PRODUCTION OR DISCLOSURE OF MATERIAL OR INFORMATION.**Subpart C—Production of FBI Identification Records in Response to Written Requests by Subjects Thereof**

By order dated September 24, 1973, the Attorney General of the United States directed that the Federal Bureau of Investigation, hereinafter referred to as the FBI, publish rules for the dissemination of arrest and conviction records to the subjects of such records upon request. This order resulted from a determination that 28 U.S.C. 534 does not prohibit the subjects of arrest and conviction records from having access to those records. In accordance with the Attorney General's order, the FBI will release to the subjects of identification records copies of such records upon submission of a written request, satisfactory proof of identity of the person whose identification record is requested and a processing fee of five dollars.

Since the FBI Identification Division is not the source of the data appearing in identification records, and obtains all data thereon from fingerprint cards or related identification forms submitted to the FBI by local, state, and Federal agencies, the responsibility for authentication and correction of such data rests upon the contributing agencies. Therefore, the rules set forth for changing, correcting or updating such data require that the subject of an identification record make application to the original contributing agency in order to correct the deficiency complained of.

The relevant provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rule making, opportunity for public participation and delay in effective date are inapplicable because the material contained herein relates to the interpretation of 28 U.S.C. 534 as allowing the granting of an exemption to subjects of identification records and relief of prior administrative restrictions on dissemination of such records to them. Furthermore, it is deemed in the public interest that there be no delay in effective date of availability of identification records to the subjects thereof.

By virtue of the order of the Attorney General, dated September 24, 1973, and pursuant to the authority delegated to the Director, FBI by 28 CFR 0.85(b), Part 16 of 28 CFR Chapter I, is amended by adding the following new Subpart C:

§ 16.30 Purpose and scope.

This subpart contains the regulations of the Federal Bureau of Investigation, hereinafter referred to as the FBI, concerning procedures to be followed when the subject of an identification record requests production thereof. It also contains the procedures for obtaining any change, correction or updating of such record.

§ 16.31 Definition of identification record.

An FBI identification record, often referred to as a "rap sheet," is a listing of fingerprints submitted to and retained by the FBI in connection with arrests and, in certain instances, fingerprints submitted in connection with employment, naturalization or military service. The identification record includes the name of the agency or institution which submitted the fingerprints to the FBI. If the fingerprints submitted to the FBI concern a criminal offense, the identification record includes the date arrested or received, arrest charge information and disposition data concerning the arrest if known to the FBI. All such data included in an identification record are obtained from the contributing local, State and Federal agencies. The FBI Identification Division is not the source of such data reflected on an identification record.

§ 16.32 Procedure to obtain an identification record.

The subject of an identification record may obtain a copy thereof by submitting a written request via the United States mails directly to the FBI, Identification Division, Washington, D.C. 20537, or may present his written request in person during regular business hours to the FBI Identification Division, c/o FBI, 555 4th Street, N.W., Washington, D.C. Such request must be accompanied by satisfactory proof of identity, which shall consist of name, date and place of birth and a set of rolled-inked fingerprint impressions taken upon fingerprint cards or forms commonly utilized for applicant or law enforcement purposes by law enforcement agencies.

§ 16.33 Fee for provision of identification record.

Each written request for production of an identification record must be accompanied by a fee of five dollars (\$5.00) in the form of a certified check or money order, payable to the Treasurer of the United States. This fee is established pursuant to the provisions of 31 U.S.C. 483a and is based upon the clerical time beyond the first quarter hour to be spent in searching, identifying and reproducing each identification record requested, at the rate of \$1.25 per quarter hour, as specified in § 16.9. Any request for waiver of fee shall accompany the original request for the identification record and shall include a claim and proof of indigency. Consideration will be given to waiving the fee in such cases.

§ 16.34 Procedure to obtain change, correction or updating of identification records.

If, after reviewing his identification record, the subject thereof believes that it is incorrect or incomplete in any respect and wishes changes, correction or updating of the alleged deficiency, he

must make application directly to the contributor of the questioned information. Upon the receipt of an onward communication directly from the agency which contributed the original information the FBI Identification Division will make any changes necessary in accordance with the information supplied by the agency.

CLARENCE M. KELLY,
Director,
Federal Bureau of Investigation.

The Privacy Act subsections cited above apply as follows:

(j)(1), in this case, applies to documents or segregable portions of documents, release of which would disclose intelligence sources and methods, including names of Agency employees and organizational components;

(k)(1) applies to information and material properly classified pursuant to Executive Order 11652; and,

(k)(5) applies to investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, or access to classified information, release of which would disclose a confidential source.

In addition, items annotated with the word "Privacy" were segregated or denied in order to preserve the privacy of other individuals, consistent with the specific intent of the Privacy Act itself.

As specified in the Privacy Act, I am advising you of your right to appeal the determinations cited above, by addressing your appeal to the undersigned. I will, in turn, forward it to the appropriate senior officials.

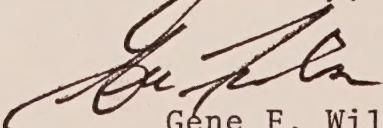

In addition to the documents mentioned above, there were numerous references to newspaper clippings relating to you. Many, if not all, of these clippings could possibly be located and reviewed if you felt it necessary or desirable.

Also, during our records search, we located a number of documents originated by the Federal Bureau of Investigation and the Department of the Army. These have been referred to those originators for their review and direct reply to you.

At the risk of being redundant, since we advised you in reply to your wife's request, you may request a similar search for records from the District of Columbia Police. The applicable citation is Mayor Order 76-109 of 4 May 1976.

We thank you for your patience during the time it has taken to process your request. Over the past months, many similar requests were received and we apportioned our time in a manner calculated to satisfy as many of our requesters as possible. Your consideration in this matter is appreciated.

Sincerely,

Gene F. Wilson
Information and Privacy Coordinator
